ABOUT ME

I am a Materials Science Engineer graduated from the Universidad Juárez in the state of Durango.

During my career I acquired useful knowledge for the programming area, such as algorithms and other mathematical concepts, along with other skills. I have applied my programming knowledge in the automation of repetitive processes, in addition to the creation and maintenance of web pages in general, both front end, as well as the creation of relational databases and REST APIs (back end).

TECHNOLOGIES

- **HTML – HTML 5**
- **CSS – CSS 3 – Sass – Bootstrap**
- **JavaScript – jQuery**
- **SQL – PostgreSQL – MySQL**
